Inspired by Curaçao

Curaçao's beaches range from lively resort shores near Willemstad to secluded, rugged coves on the western tip of the island.

A little piece of the island to keep with you.

Our island home

Curaçao is a Caribbean island country within the Kingdom of the Netherlands. Located near Venezuela, it is one of the ABC islands, alongside Aruba and Bonaire.

Its vibrant capital, Willemstad, is known for colorful colonial architecture. The island enjoys a warm, dry, and sunny climate.

Official languages are Papiamentu, Dutch, and English; Spanish is also widely spoken.

SEA GLASS *enhanced* JEWELRY

NATURAL TREASURES FROM CURAÇAO

Each piece is unique

Shaped by ocean waves and weathering, authentic sea glass is collected by hand along the shore.

Among these finds is rare “pirate glass”: thick, dark glass with a history of its own.

Each handpicked piece is a little bit of the ocean, symbolizing renewal and personal history.
